Renewed Petition under 37 CFR 1.137(b)

Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

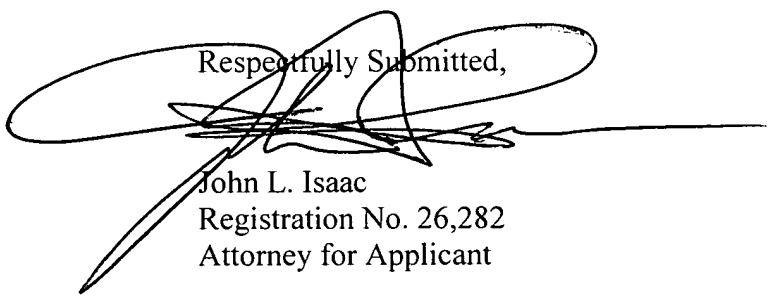

A Petition for Revival for the subject application was filed on August 23, 2004, and said Petition Request was Dismissed pursuant to a Petitions Examiner Official Action dated January 18, 2005. This is a Request for Reconsideration pursuant to 37 CFR 1.137(b) in accordance with the procedure outlined in the Petitions Examiner Official Action dated January 18, 2005.

A copy of the original Petition is attached hereto. The Petition dismissal was based primarily on unacceptable drawings submitted with the original Petition. A copy of the Notice of Draftsperson's Patent Drawing Review dated 1/13/05 was enclosed with the Petition Examiner Action dated January 18, 2005 and indicates that the continuing objection to the drawings will be overcome by removing the page number from the figure legend in each of the Figures. Petitioner is enclosing new Figs. 1-6 herewith which comply with this request. Accordingly, the figures are now deemed fully in compliance with the Draftsperson's Patent Drawing Review and should now be acceptable. In addition, the original issue fee payment by Petitioner was apparently returned as being insufficient in funds. Petitioner was unaware of the insufficiency in the issue

fee payment and is enclosing herewith the appropriate indicated fees as requested in the Petitions Examiner Official Action dated January 18, 2005.

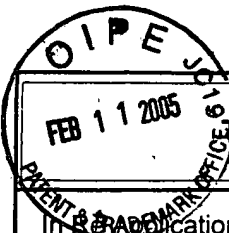

Accordingly, inasmuch as all of the objections raised in the Petitions Examiner Official Action dated January 18, 2005 are fully addressed herewith, Petitioner hereby requests reconsideration of the Petition for Revival filed August 23, 2004 and issuance of the subject application.

Respectfully Submitted,
